

**Fresh kitchen air.****Certified ventless hood.**

The UNOX steam condensing hood is an ideal solution for installing your CHEFTOP MIND.Maps™ PLUS oven in any point of your kitchen.

Within the hood a self-cleaning filter removes odours and latent heat from the fumes that are expelled through the oven chimney, without the need for maintenance or cleaning work on the filter. If food that is particularly rich in fat is cooked often, it is possible to install an activated carbon filter kit to further reduce odours, even when the door is opened.

Choosing a UNOX ventless hood is an investment that will save you money.

It allows you to install your CHEFTOP MIND.Maps™ PLUS even without\* a ceiling canopy, or to prefilter the fumes and reduce maintenance on the centralised extraction system.
