

Even more than a simple holding cabinet.

Cook and hold oven in a single unit.

Low temperature cooking, slow braising, slow roasts, sous vide cooking, regeneration, holding, night cooking. Just some of the countless cooking techniques SLOWTOP Cook'n'Hold offers.

This cook and hold oven is able to cook up to 180°C, allowing you to do much more than simply hold the temperature, such as managing automatic overnight cooking, steam production and soft browning, and lightening the work load of the CHEFTOP MIND.Maps™ PLUS oven during the day.

Thanks to its single-phase electrical power supply it ensures unbeatable performances with minimal consumption and is the perfect partner for your CHEFTOP MIND.Maps™ PLUS.
