

UNOX.CARE PROGRAM

Protect the performance you deserve.

DET&Rinse™ is the detergent and rinse aid especially designed to ensure every day maximum hygiene levels, lower consumption rates and the durability of every component of your CHEFTOP MIND.Maps™ PLUS oven with SENSE.Klean intelligent automatic washing.

You can choose between double concentration DET&Rinse™ PLUS for harder to shift dirt or DET&Rinse™ ECO for daily cleaning and maximum eco friendliness. Every bottle of DET&Rinse™ has a hermetic safety seal which prevents the release of liquid until it has been correctly screwed into the built-in drawer of your CHEFTOP MIND.Maps™ PLUS oven to ensure maximum peace of mind during loading operations.

The UNOX.Pure filter and UNOX.Pure-RO reverse osmosis filtering systems reduce or eliminate completely from the water all the substances which contribute to the formation of lime scale and/or rust inside the cooking chamber, a known cause of malfunctioning and breakdown.

The control panel of your CHEFTOP MIND.Maps™ PLUS oven also monitors the quantity of water filtered by the UNOX.Pure system and automatically signals when it is time to replace the filter, optimising its use. UNOX.Pure is recommended for soft or medium water or with concentrations of chlorides below 25 ppm, while UNOX.Pure-RO is recommended for areas with particularly hard water and/or high concentrations of chlorides or iron ions.
